

# ENDURATRAX™

Enduratrax™ replacement rubber tracks have been developed with the farmer in mind. Our many unique features and extensive field experience have allowed us to create a high performance product to keep your tracked tractor at work.

## Specification:

- 5 ply design
- 42 mm wall thickness
- 72 mm tread depth
- Exclusive guide block compound
- Single piece curing technology
- 6.2 mm main cables
- 2 year/2000 hour warranty

Our unique tread design gives a balance of high traction, superior clean-out, smooth roading and high wear resistance.
